Dear Charlie Brown,

If you've mailed the ms of COUP D'ETAT, it has not yet arrived. Unless there are delays in New Orleans, I will be going there again in not much over a week. I would like to put that copy to use. If you have and it has had time to get here, please put a tracer on it, using the insurance receipt to make it possible.

Hope you've completely recovered by now and that you've found a more congenial job - and that you and Jamie had a real big reunion and much fun. Give her my best, please.

If you didn't know it, Jim Lawrence switched to KABC-TV and Art got promoted to news director at KHJ radio. Both fine guys.

I've spoken to Maggie recently, to Ray several times today, so I've a faint notion of what is what out there. Nothing new here save those few things I've found time to dig out while preparing for the trial.

Best to everyone.

Sincerely,

Harold Eisberg
